## RAK-CLOUD

### The multiple faces of design

The new RAK-Cloud concept is the beginning of a collaboration with the Italian designer Giuseppe Maurizio Scutellà.

Fluid lines inspired by geometric swirls combined with changing shapes like clouds lend themselves to multiple interpretations and play with light, producing a soft enveloping effect, culminating in a sophisticated but at the same time functional and welcoming bathroom.

All this makes RAK-Cloud a concept with a soul, capable of telling a unique and inimitable story. Back to wall, or wall-hung sanitaryware, elegant freestanding bathtubs and washbasins, softly curved bowls or wall solutions for every need.

With RAK-Cloud, the hallmark of the Italian designer inspires and enhances the imagination of the most demanding and visionary interior designers to create beautiful bathrooms.

Nasce dalla collaborazione con il designer italiano Giuseppe Maurizio Scutella' il nuovo concept RAK-Cloud.

Linee fluide ispirate da volute geometriche, forme mutevoli come nuvole che si prestano a molteplici interpretazioni e che giocano con la luce restituendo un effetto morbido, avvolgente, ideale per un ambiente bagno raffinato ma al tempo stesso funzionale ed accogliente.

Tutto questo fa di RAK-Cloud un concept con un'anima, capace di raccontare una storia unica ed inimitabile. Sanitari a parete o sospesi, eleganti vasche e lavabi freestanding, morbide ciotole o soluzioni a parete per ogni tipo di esigenza. Con RAK-Cloud il tratto distintivo del designer italiano ispira e valorizza l'idea di bagno dei piu' esigenti e visionari interior designers.

Il naît à partir de la coopération avec le designer italien Giuseppe Maurizio Scutella le nouveau concept RAK-Cloud.

Lignes fluides inspirées par des méandres géométriques, formes mutables comme les nuages qui se prêtent à des interprétations multiples, et qui jouent avec la lumière, en restituant un effet doux et exaltant, idéal pour les salles de bains raffinées, mais à la fois fonctionnelles et accueillantes. Tout cela fait de RAK-Cloud un concept doté d'une âme, capable de raconter une histoire unique et inimitable. Objets sanitaires au mur ou suspendus, baignoires élégantes et lavabos freestanding, cuvettes légères ou solutions au mur pour tout genre d'exigence.

Par RAK-Cloud, le trait distinctif du designer italien inspire et valorise l'idée de la salle de bains des designers d'intérieur les plus exigeants et visionnaires.

"Nace de la colaboración con el diseñador Italiano Giuseppe Maurizio Scutella el nuevo concepto RAK Cloud (nube).

Lineas fluidas inspiradas de volúmenes geométricos, formas cambiantes como nubes que se prestan a múltiples interpretaciones y juegan con la luz dando un efecto suave y envolvente, ideal para un ambiente de baño refinado y acogedor. Todo esto hace de RAK cloud un concepto con alma, capaz de contar una historia única e inimitable. Sanitarios a pared o suspendidos, elegantes bañeras y lavamanos independientes. Suaves cuencos a soluciones a pared para cada tipo de exigencia. Con Rak cloud el trato de distinción del diseñador italiano valoriza la idea del baño de los mas exigentes visionarios de los diseñadores de interiores."

Aus der Zusammenarbeit mit dem italienischen Designer Giuseppe Maurizio Scutella entsteht das neue Konzept RAK-Cloud.

Fließende Linien, inspiriert durch geometrische Wendungen, wechselnde Formen, wie Wolken, die zu zahlreichen Interpretationen verführen und mit dem Licht spielen, wobei sie eine sanfte und mitreißende Wirkung erzeugen, ideal für raffinierte und doch funktionelle und einladende Bäder. All das macht aus RAK-Cloud ein Konzept mit Seele, das fähig ist, eine einzigartige und unnachahmbare Geschichte zu erzählen. Sanitäre Wand- oder Hängeobjekte, elegante Badewannen und freistehende Waschbecken, leichte Badeschalen oder Wandlösungen für jeden Anspruch. Mit RAK-Cloud inspiriert und valorisiert das Unterscheidungsmerkmal des italienischen Designers die Badidee der anspruchsvollsten und visionärsten Innendesigner.

Начало сотрудничества с известным итальянским дизайнером Джузеппе Маурицио Скутелла ознаменовано выходом новой революционной концепцией RAK-Cloud.

Плавные линии, пронизанные геометрическими завитками и меняющие свои очертания как облака, дают множество форм и игру света, создавая эффект мягкого обволакивания, кульминацией которого является изысканная, но в то же время функциональная и уютная ванная комната.

Всё это делает концепцию RAK-Cloud живой, обладающей душой, способной рассказать уникальную и неповторимую историю. Приставные или подвесные унитазы, отдельностоящие элегантные ванны, умывальники с мягко изогнутыми краями или настенные решения позволяют удовлетворить потребности каждого. Rak-Cloud, отличительный знак итальянского дизайнера, поражает воображение и вдохновит самых требовательных и прогрессивных дизайнеров на создание красивых ванных комнат.

All ceramic cistern codes refer to bottom inlet version; all washbasin codes refer to one tap hole version, unless differently specified.

Tutti i codici per le cisterne si riferiscono alla versione con carico dal basso; tutti i codici dei lavabi si riferiscono alla versione con un foro, se non diversamente specificato

l'entrée de l'eau de tous les réservoirs pour nos wc monobloc ets positionnée dans la partie inférieure; tous nos lavabos sont prévus avec un seul trou pour les robinets (sauf specification différente)

Todos los códigos de las cisternas de cerámica se refieren a la versión con entrada inferior; todos los códigos de los lavabos se refieren a la versión con un agujero para grifo, salvo en caso de especificarse diversamente.

Alle Zulaufe für den Spülkasten befinden sich im unteren Bereichs des WCs; Alle Codes der Waschbecken beziehen sich auf die Version mit einem Loch, falls nicht anders angegeben.

Если иное не указано, все коды для керамического бачка относятся к варианту с впускным отверстием снизу; все коды для раковины относятся к варианту с одним отверстием для крана.

## Design Giuseppe Maurizio Scutellà

Giuseppe Maurizio Scutellà was born in Alcamo, Sicily. His collaboration with RAK Ceramics begins with RAK-Cloud (2018), a project that continues the creative thinking of the Italian designer and that integrates perfectly with his other projects such as the collection of lamps "Pirce" by Artemide (Good\_Design 2008, Red Dot Award 2009, IF Design Award 2010) and the "Metropolis" collection of crystal and ceramic tables by Tonelli Design.

"I like to talk with the soul of all my projects, discover its history and capturing the most hidden hues of its character, respecting its nature and embracing its languages. It is my way of approaching its magical essence and becoming its interpreter".

*Giuseppe Maurizio Scutellà*  
Designer

## Rimless technology

RAK Ceramics delivers the ultimate in technology for bathroom suites. Based on similar design specifications to sanitaryware in hospitals and medical centres, RAK Ceramics Rimless water closets allows you to experience the same high standards of hygiene in your own home.

RAK Ceramics continues to set new standards of hygiene and water efficiency in the sanitaryware industry, with uniquely engineered water flushing systems that effectively remove waste, helping to keep bathrooms fresh and hygienic.

### **WATER SAVING**

Using just 4 litres for the full flush and 2.5 litres for the half flush, water usage is reduced by a third.

### **HYGIENIC AND EASY TO CLEAN**

The water closets have no rims to harbour germs, making cleaning quick, easy and more hygienic.

### **SILENT FLUSH**

Rimless technology allows a faster and more silent flush.

### **EFFICIENT DESIGN**

Design and efficiency can be successfully combined. Water flows vertically and horizontally, before flushing the entire inner surface of the bowl, without splashing.

Water Saving

Easy Cleaning

Silent

Hygienic

No ledges or rim

Rimless

## Hidden fixation systems

Our wall hung and back to wall products are benefitting of the collaboration with Fischer Group, one of the industry leaders. The use of the most innovative Fischer fixing systems, is allowing us design freedom on the ceramic, better aesthetics and more safety for the installer.

The Hidden Fixation System is comfortable and time saving, in fact one-man installation is made possible by the clip system that keeps the ceramic held up during the installation.

**fischer**  *innovative solutions*
